

## [Loaner Scope Program](#)

One of the benefits of joining SLAS is the loaner scope program where members can borrow telescopes and binoculars at no charge. Also, being part of a group the size of SLAS you will get a chance to see and hear about a wide variety of equipment options. SLAS members have a wide variety of interests and specialties. Some prefer observing faint nebula and galaxies, other prefer the Moon and planets. Others like to combine visual observing with astrophotography. SLAS members vary in experience from novice to very advanced.

The SLAS loaner telescopes range in size from a 75mm refractor to a 13" reflector. Three telescopes are suitable for astrophotography. SLAS also has two specialized solar telescope for safe viewing. Along with the telescopes, the loaner program has eyepieces and other accessories. Go to the **Contact US** page to contact our Loaner Scope Chairman. Here is the current list of loaner scopes.

1. 20x80 Orion Binoculars
2. 75mm Unitron Refractor
3. 90mm Meade ETX Maksutov \*\*
4. 100mm Celestron Star Seeker Refractor
5. 125mm Meade ETX Maksutov\*\*
6. 8" Celestron Super C8 \*\*
7. 8" Hardin Optical Reflector
8. 8" Hardin Optical Reflector
